

### ***2.3.2 Teachers use ICT enabled tools including online resources for effective teaching and learning process***

- Moodle – In order to simplify teaching, learning and evaluation process the institute has implemented MOODLE LMS way back in 2016 and is in use till date. This LMS is used to communicate session wise teaching plan, textbooks, reference books and additional resources about each course. For continuous evaluation the policy is to conduct one quiz per unit minimum.
- Google classroom – For sharing of resources and student evaluation when students are away from campus google classroom is used where presentations, documents and other material is uploaded so that they can refer it as and when they wish to. Also the quizzes are conducted using google classroom.
- Videoconferencing – The institute has full-fledged video conferencing facility which is used for arranging guest lectures by the experts. The same facility is used for the placement and recruitment process.
- IT enabled classrooms – Each classroom in the institute is equipped with audio, projector, computer, projection screen and internet facility and teachers are encouraged to use these facilities to the maximum so that learning experience for the students can be made easy and enjoyable.
- Online Classes:- During the Pandemic online classes were conducted for students using google meet , edu-suite. Also webinars were conducted using google Meet and Zoom. Faculty members have also used PODCAST, you-tube videos and other online content for teaching.
