- To equip the student community, through academic autonomy to face future challenges.
- To inculcate the spirit of dignity of the individual, excellence and service.

Director Report

Dear Friends,

I take pleasure in presenting this Annual Report 2021-22. We at CSIBER strive to be benevolent in all the academic pursuits carried out on the Institute's campus. This annual report is the reflection of our CSIBER family members who work with all the dedications and religiousness. The corporate values taught in the class is being exhibited in this annual report in the form of achievements of the faculty and the students. Our teaching faculty inspire the students to get involved in the learning process as well excel themselves in the co curricular and extracurricular activities. Hosting of cultural events is a regular feature of CSIBER. Being Autonomous has helped us a lot to introduce new subjects at various courses, improve upon teaching pedagogy and experiment with new ideas to make the teaching learning process more effective. The research work carried out by our faculty is commendable. The present annual report highlighting all our activities and achievements shall remain as a benchmark for future.

1.0 Institute Introduction:

The gap of trained and skilled personnel was anticipated and understood by Late Prof. Dr. A. D Shinde (Founder Director)a renowned Chartered Accountant, Tax Consultant and then the Dean of Commerce faculty of the Shivaji University, further in the capacity of acting Vice Chancellor of Shivaji University, bearing wide and varied teaching experience at undergraduate and postgraduate level. His dream of training youth to face the ever-changing requirements of industry came into existence when he registered charitable trust, "**Chhatrapati Shahu Institute of Business Education and Research Trust**" in 1976. Subsequently, in June 1976, establishing an independent Institute for Management Education by name "**Chhatrapati Shahu Institute of Business Education and Research"**, Kolhapur popularly known as **CSIBER** to cater the needs of professional education in Kolhapur, Satara, Sangli, Solapur Districts of Maharashtra and the border areas of neighboring states.

The Institute is fully devoted to the cause of education in management, computer technology, social work, environment and allied areas, occupies a prominent position not only in Maharashtra but also in the country as a whole

Aims and Objectives of the Trust:

a) To propagate secular education at post graduate and under-graduate level in Commerce, Management, Computer Education, Social Sciences, Environment, Technical, Agricultural & others.

b) To inculcate and advance research among all types of education streams.

c) To provide substantial facilities to the students in the form of teaching, library, residential, co-curricular, extracurricular, sports etc. for the development and enhancement of the complete personality of the student's community.

d) To induct such courses as would help to improve rural commerce and life in general, such as Agri-Business Management and Rural Development, Agro Economics and Farm Management and other allied subjects.

e) To start such institutions in the rural areas that would help in the growth and development of the areas.

f) To institute and carry out executive development programs at different levels of management in various functional areas. Further to run centers for training workers in social welfare areas so as to benefit the society at large.

g) To encourage those of the disadvantaged to acquire knowledge by instituting scholarship, free-ship, grants for such persons.

h) To undertake and execute various schemes sponsored by Social Work Department of the Government of India and Maharashtra

DEPARTMENT OF MANAGEMENT

1. Introduction

Established in the year 1976, the department of Management offers quality education in management by translating its mission into action by using comprehensive multifaceted pedagogy with an integrated interface to industry. It is a two-year semester pattern program with choice based credit system with dual specialization with Marketing, Finance, HR, Production, System and Agri-Business. Department introduced MBA in Business Analytics and Banking and Finance.

Department understands today's need of companies' organizational and leadership requirements. Changes are made accordingly in the curriculum to help MBA students face the challenging business environment by adding more value added courses, ability enhanced courses (Tally in GST, Digitial Marketing, Lean Management, Selling and Negotiation Skills, corporate social responsibility and foreign languages – French, German and Japanese). In addition to that we have offered General Electives from other departments like computer science, Environment, social work and economics.

8.0 Best practices of the department:

Chhatrapati Shahu Institute of Business Education and Research, Kolhapur, run M.Phil programme in Commerce and Management, Economics, Social Work and Sociology since 1983-84.Research Department, CSIBER, Kolhapur is imparting higher education in the field of Commerce and Management, Computer Studies, Environment Science, Environment Management, Social Work, Economics along with constant stress on research activities. The research forum headed by Dr. U. M. Deshmukh, regularly co-ordinate various presentations on M. Phil. synopsis and dissertations and various activitiesrelated to research methodology like workshops on ”Preparation of Research Proposal” “Research Methodology”Data Analysis Using Ms – Excel and SPSS,Quantitative Techniques, Teaching Pedagogy,etcThe Research scholars visit to Libraries at National Research Institutions are organized regularly for Library Research assignments.This benefit both M. Phil. Research students’ as well as participants to improve upon their research projects in the light of the discussion and suggestions there from. All the above programmes are good in enriching the knowledge in the respective areas of Commerce and Management, Computer Studies, Environment Science, Environment Management, Social Work, Economics.

Dr. U.M. Deshmukh
Chairman M. Phil. Programme

DEPARTMENT OF COMPUTER STUDIES

1.0 Introduction

Department of Computer Studies was established in 1983 to impart professional education in the field of information technology to aspiring students. Department provides skill based IT education producing IT professionals with high technical and soft skill capability to meet the challenges of software industries.

Department Vision

- To be a premier department of institute providing holistic, excellence, accessible and state of art education.

Department Mission

- Provide Innovative, Outstanding teaching environment which enables employability and inspire students to become socially responsible citizens.
- Enable the Faculty to develop Innovative, Student Centric teaching methods.
- Enable the Graduate Students to Thrive foe excellence for achieving academics excellence.
- Enable the Students to Experience Diversity, Inclusion and Continual Improvement through Assessment.
- To impart high quality Professional training to the Postgraduate students with an emphasis on basic Principles of Computer Science and Applications.
- To empower the students with required skills to solve complex technological problems of modern society and also promote them with a framework for promoting collaborative and multidisciplinary activities.
- To create environment where in faculty will be engaged in Life Long learning and to remain current in their Profession to foster Personnel and organizational growth.
- To be an Institute that is Sought for International Collaboration leading to exchange of students, faculty and joint degree programs.
- Intensify involvement of Alumni in all aspects of Institution development, Interacting with students, mentoring incubates, contributing resource towards enhancing the facilities and quality of education.

Programmes offered :

1) Masters of Computer Application – MCA
2) M.Sc. (Computer Science)
3) M.Sc. (Computer Science) in Cyber Security
4) Post Graduation Diploma in Computer Application (PGDCA)

- **Master of Computer Application (MCA)**

  Master of Computer Applications (MCA) is a two-year professional course exclusively designed to meet the requirements of IT industry through trained students. This Master's Degree Programme has been designed with a semester approach in mind. The first year courses are aimed at developing basic skills

required for enhancing the abilities of the students.The second year provides specialization in cutting edge technologies, enhancing employability opportunities.

- **M.Sc. (Computer Science)**

  M. Sc. (Computer Science) is a two years full time course. Each year comprises of two semesters with classroom teaching learning for Semester I, II III and Semester IV is reserved for research / industry internship project.

- **M.Sc. (Computer Science) in Cyber Security**

  M. Sc. (Computer Science) in Cyber Security is a two years full time course. Each year comprises of two semesters with classroom teaching learning for Semester I, II III and Semester IV is reserved for research/ industry internship project.

- Post Graduation Diploma in Computer Application (PGDCA)

  PGDCA is one year part time course with the main objective to impart adequate professional knowledge and computer skills so as to enable the candidates to take up careers in the field of Information Technology and to equip with latest knowledge, skills pertaining to the tasks and responsibilities of Information Technology.

2.0 MCA/M.Sc. Programme Objectives:

The Programme Educational Objectives of MCA programmes are:

- To prepare Post graduates for careers in Software Industry, Corporate Sector, Government Organizations and Academia by providing Skill Based Environment for teaching and research in the Core and Emerging areas of IT Discipline.
- To train the students in the Fundamentals of Computer Technology, high level of practical skills in the use of that technology and make them sensitive to the issues prevailing in the society.
- To inculcate good analytical, design and implementation skills in the students with understanding of group dynamics.
- To impart Knowledge about various technologies that are essential for their career path.
- To give broad background knowledge across fundamental areas of IT along with depth in understanding particular area of interest in the different domain of Information Systems.
- To develop a comprehensive knowledge of core subjects in the field of Computer Science and provide exposure to various cutting edge technologies thereby enhancing employability opportunities and research capability enabling graduates to perform more effectively in the workplace

MCA/M.Sc. Programme Outcomes:

MCA programme has been designed to prepare graduates for attaining the following program outcomes:

- Ability to understand Software concepts and their applications.
- Ability to use the Techniques, Skills and modern Software Tools necessary for Software Development.
- Ability to identify and analyse Software Problems In multiple aspects including Analysis, Design, Coding, Testing and Implementation in Industrial applications.
- Enable the students to critically analyse and develop real life computer applications.
- Ability to select and use latest tools and techniques with agility.
- Ability to design and develop a computing system that meets user requirements by considering non-functional requirements such as safety, security and user friendliness.
- Ability to lead team successfully with effective communication and management skills.

5.0 Admission and Induction details

Pre-admissions & Admission Activities:

MCA Admission: 2021-22

During the year under review, DTE conducted MCA entrance examination CET on 15th September 2021.

Total Students Allotted by DTE	69
Total Students Admitted	67

The rules of Reservation of Government of Maharashtra for admissions were strictly followed.

Pre-admissions & Admission Activities:

M.Sc. (Computer Science) Admission: 2020-21

CSIBER conducted a paper-based Multiple Choice Questions (MCQ) Entrance Test on (30/07/2021) and the final selection of students was purely based on the Merit of entrance test. Entrance examination was conducted in two rounds. Second round was organized to fill the seats against available vacancies.

Total Students appeared for Entrance	25
Total Students Admitted	25

As per the rules of Government of Maharashtra scholarships are provided only for SC category.

Induction Programme

The department organized induction programme for familiarizing the newly admitted students about the institution policies, practices, department objectives and regulations. The induction programme focussed on the prominent aspects of the programme such as programme structure, infrastructure, examination, placement, library etc.

Design and Development of Virtual Digital Library for Students

About Project

The department has designed and implemented virtual digital library at department of computer studies, CSIBER, Kolhapur. Different roles are identified and tasks are mapped to the identified roles. The model is implemented using different proven cutting edge technologies in Micro Service architecture and tested for different platforms and browsers. The application is mobile responsive and can be conveniently operated from any hand-held device. It incorporates the following features:

- Downloading question papers, books and project reports
- Viewing book on mobile by scanning QR Code.
- Subscribing and unsubscribing to book category

3. **Admission and Induction details** –

The admission process for MSW course 2021 -22 began with advertisement for MSW admission in daily newspapers viz. Times of India and Daily Sakal, published during 2nd week of July, 2021 and 1st week of August 2021.

In all 165applications were received and out of which 156 candidates appeared. Hence 156candidates were considered for selection. The entrance test consisting **online** MCQ examination were held on 27/07/2021. The CET consisted of 50 objective questions (100 marks). The merit list was prepared, (with the help of EXCEL software) by strictly adhering to the Government of Maharashtra admission norms and Shivaji University guidelines. Accordingly 50 percent open seats were filled from consolidated merit list consisting of all the 165 eligible applicants and 156 appeared. The reserved category candidates who are selected under the first merit list were treated as open category (as per rule). The remaining 50 percent seats were exclusively allotted to the recognized reservation categories as per Government rules and selection was based on merit. The vacant seats against reserved category are filled by other reservation category based on merit. There were 30 candidates who denied admission from first merit list, second merit list was prepared and admissions are given on first come first serve basis among the remaining 137 candidates. Dr. D.M. Bhosale and DrD.N.Valvi carried on the entire process of admission was carried under the chairmanship of Dr. S.V.Shirol, Head of the Department

DEPARTMENT OF ENVIRONMENT MANAGEMENT

1. Introduction

Environment Management is an important issue in the sustainable development at global level. Soon after the Stockholm Conference in 1972, number of Universities in India started Environmental Science and Engineering courses at graduate and post graduate level giving more emphasis on basic Science and Engineering aspects of the environment. In the earlier days, environment was considered as an end product of a industrial process confining only to pollution control of water, soil, air and noise. But after the existence of WTO and GATT agreement, a number of environmental issues not only confined to pollution control but mainly focus on business aspects and environment to make their product eco-friendly in the global market. Hence Environmental Management is now-a-days turning out to be a good business opportunities for the entire corporate sector. The best example being carbon trading. In this connection the global convention on climate change at Kyoto, Bali agreement and Copenhagen conventions are the milestones, which provide good opportunities for environment protection and business environment. Hence, it is the need of the time to infuse the environmental concepts in all the functional areas of business development. Therefore, CSIBER intends to develop business professionals' i.e MBA (Environmental Management) and M.Sc. (Environment & Safety) students with environment backgrounds who can cater to the need of both areas viz. Business and Environment. Considering the need of the time the CSIBER Trust has started two masters egree programmes :

DEPARTMENT OF ECONOMICS

Brief Information about Dept.-

The department of economics offers the Full time Program Master of Science in Quantitative Economics since 2016. The faculty members in the department also contribute to the economics papers being offered in other Post – Graduate programs in the institute. The specialized program has been started to specifically train the post graduate students in Economics for positions such as Economic Analyst, Data analyst, Data Scientist and others. Along with the regular curriculum the students are also given training for presenting research papers in International/National and State Level Seminars. Project work being a compulsory part helps the students to sharpen their research skills. The well-developed labs and the availability of data analysis soft wares makes the implementation of the curriculum of quantitative economics very practical and interesting.

Core Values

The Department of Economics core values are Equality and Providing Equal Opportunity for The Learning of Quantitative Economics. The specialised field of Quantitative Economics is only available in few metro cities in India. At the same time the fees charged is exorbitantly high, that automatically excludes the socially and economically weaker students from smaller towns and especially rural areas. In-order to provide an opportunity to these sections of the society to learn the important subject at an affordable cost the post-graduate program has been started. To provide fair and equal chance for students from all sections of the society the admissions are done on the basis of Entrance Test as well as Personal Interview. Though, fees is significantly less, concession in fees is also provided to the needy students so that, they are not denied the opportunity to take up the course for the lack of funds. As a result of the adherence to the core values, the department is able to attract local as well as one or two international students every year.

Admission and Induction details –Brief about Admission and Admission empirical data

The process of admission to the M.Sc. QE program, started with the individual faculty visiting the Graduate colleges, in and around Kolhapur. The faculty interacted with the Final year students and shared the information about the program and its prospects. A one-page hand-out was prepared and emailed to all the principals of different affiliated colleges under Shivaji and Other Universities. The entrance exam was conducted for 80 Marks which included Basic Economics and Quantitative Aptitude questions. Based on the score of entrance exam and personal interview, the final selection list was prepared.

EXAMINATION DEPARTMENT

CSIBER became autonomous in 1995 and the need of the separate department of examination was felt. In pursuance of the need the examination department started functioning in the same year. Since then it is conducting examinations for the different post graduate management programmes.

Paper setting work is done by internal and external paper setters jointly in the examination department only. Likewise the digital evaluation of answer books is also done in the department. The brief summary of the different activities conducted by the examination department are as follows.

International Yoga Day 2021

Theme *: "Yoga For wellness"*

International Day of Yoga was celebrated through Online due to Covid 19 pandemic with students initiative .Yoga is an invaluable gift of India's ancient tradition. It embodies unity of mind and body; thought and action; restraint and fulfilment; harmony between man and nature; a holistic approach to health and well-being. It is not about exercise but to discover the sense of oneness with yourself, the world and the nature. By changing our lifestyle and creating consciousness, it can help in wellbeing. Let us work towards adopting an International Yoga Day.

Yoga is not a work-out, it is a work-in. And this is the point of spiritual practice; to make us teachable; to open up our hearts and focus our awareness so that we can know what we already know and be who we already are.

Dr Sonia Rajput coordinated this programme through G-Meet firstly introduced the concept of Yoga, then highlighted the benefits of Yoga and students demonstrated as per AYUSH guide line, while all other Participants teaching and Non-Teaching staff as well the students from all Depts. enthusiastically followed

YOGA PROGRAM was scheduled as follows

- PRAYERS
- WARMUP
- AASAN
- PRANAYAM
- OM KAR JAP
- SHAVASANA

All the Teaching ,Non-Teaching staff and students joined the celebration through G Meet Platform. **Dr Sonia P. Rajput,** MSW Dept.and **Prof. Sachin Jagtap,** MBA Dept. Co-ordinated the program All enjoyed yoga programme and were benefitted too as many family members also participated
