- To equip the student community, through academic autonomy to face future challenges.
- To inculcate the spirit of dignity of the individual, excellence and service.

Director's Report

Dear Friends,

I take pleasure in presenting this Annual Report 2020-21. We at CSIBER strive to be benevolent in all the academic pursuits carried out on the Institute's campus. This annual report is the reflection of our CSIBER family members who work with all the dedications and religiousness. The corporate values taught in the class is being exhibited in this annual report in the form of achievements of the faculty and the students. Our teaching faculty inspire the students to get involved in the learning process as well excel themselves in the co curricular and extracurricular activities. Hosting of cultural events is a regular feature of CSIBER. Being Autonomous has helped us a lot to introduce new subjects at various courses, improve upon teaching pedagogy and experiment with new ideas to make the teaching learning process more effective. The research work carried out by our faculty is commendable. The present annual report highlighting all our activities and achievements shall remain as a benchmark for future.

1.0 Institute Introduction:

The gap of trained and skilled personnel was anticipated and understood by Late Prof. Dr. A. D Shinde (Founder Director)a renowned Chartered Accountant, Tax Consultant and then the Dean of Commerce faculty of the Shivaji University, further in the capacity of acting Vice Chancellor of Shivaji University, bearing wide and varied teaching experience at undergraduate and postgraduate level. His dream of training youth to face the ever-changing requirements of industry came into existence when he registered charitable trust, "**Chhatrapati Shahu Institute of Business Education and Research Trust**" in 1976. Subsequently, in June 1976, establishing an independent Institute for Management Education by name "**Chhatrapati Shahu Institute of Business Education and Research**", Kolhapur popularly known as **CSIBER** to cater the needs of professional education in Kolhapur, Satara, Sangli, Solapur Districts of Maharashtra and the border areas of neighboring states.

The Institute is fully devoted to the cause of education in management, computer technology, social work, environment and allied areas, occupies a prominent position not only in Maharashtra but also in the country as a whole

Aims and Objectives of the Trust:

a) To propagate secular education at post graduate and under-graduate level in Commerce, Management, Computer Education, Social Sciences, Environment,Technical, Agricultural & others.

b) To inculcate and advance research among all types of education streams.

c) To provide substantial facilities to the students in the form of teaching, library, residential, co-curricular, extracurricular, sports etc. for the development and enhancement of the complete personality of the student's community.

d) To induct such courses as would help to improve rural commerce and life in general, such as Agri-Business Management and Rural Development, Agro Economics and Farm Management and other allied subjects.

e) To start such institutions in the rural areas that would help in the growth and development of the areas.

f) To institute and carry out executive development programs at different levels of management in various functional areas. Further to run centers for training workers in social welfare areas so as to benefit the society at large.

g) To encourage those of the disadvantaged to acquire knowledge by instituting scholarship, free-ship, grants for such persons.

h) To undertake and execute various schemes sponsored by Social Work Department of the Government of India and Maharashtra

1. Introduction :

Established in the year 1976, the department of Management offers quality education in management by translating its mission into action by using comprehensive multifaceted pedagogy with an integrated interface to industry. It is a two-year semester pattern program with choice based credit system with dual specialization with Marketing, Finance, HR, Production, System and Agri-Business. Department introduced MBA in Business Analytics and Banking and Finance.

Department understands today's need of companies' organizational and leadership requirements. Changes are made accordingly in the curriculum to help MBA students face the challenging business environment by adding more value added courses, ability enhanced courses (Tally in GST, Digitial Marketing, Lean Management, Selling and Negotiation Skills, corporate social responsibility and foreign languages – French, German and Japanese). In addition to that we have offered General Electives from other departments like computer science, Environment, social work and economics.

10. Best Practices of the Department

1) Industrial Visit:

The main objectives of industrial visit are to provide students an insight regarding internal working of companies. We know, theoretical knowledge is not enough for making a good professional career. With an aim to go beyond academics, industrial visits provide students a practical perspective on the world of work. During industrial visit professionals are sharing knowledge about Accounting, Finance, Costing and Taxation.

2) Knowledge Forum-Financial Services

Under the knowledge forum department is organizing various workshops, seminars, conferences and webinars on GST, Income Tax, Mutual Funds, Insurance & Financial Services.

3) Tally Certification

The institute is having MOU with Tally Education Private Ltd. Under the MOU department is running various Tally Certification courses such Tally AEC, Tally Pro & Tally Guru for practical exposure.

DEPARTMENT OF COMPUTER STUDIES

1.0 Department Introduction

Department of Computer Studies was established in 1983 to impart professional education in the field of information technology to aspiring students. Department provides skill based IT education producing IT professionals with high technical and soft skill capability to meet the challenges of software industries.

Department Vision

- To be a Premier Institute Providing Holistic, Excellence, Accessible and State of Art Education.

Department Mission

- Provide Innovative, Outstanding teaching environment which enables employability and inspire students to become socially responsible citizens.
- Enable the Faculty to develop Innovative, Student Centric teaching methods.
- Enable the Graduate Students to Thrive foe excellence for achieving academics excellence.
- Enable the Students to Experience Diversity, Inclusion and Continual Improvement through Assessment.
- To impart high quality Professional training to the Postgraduate students with an emphasis on basic Principles of Computer Science and Applications.
- To empower the students with required skills to solve complex technological problems of modern society and also promote them with a framework for promoting collaborative and multidisciplinary activities.
- To create environment where in faculty will be engaged in Life Long learning and to remain current in their Profession to foster Personnel and organizational growth.
- To be an Institute that is Sought for International Collaboration leading to exchange of students, faculty and joint degree programs.
- Intensify involvement of Alumni in all aspects of Institution development, Interacting with students, mentoring incubates, contributing resource towards enhancing the facilities and quality of education.

Programmes offered :

1) Masters of Computer Application – MCA
2) M.Sc. (Computer Science) – M.Sc. (Computer Science)
3) Post Graduation Diploma in Computer Application (PGDCA)

➢ **Master of Computer Application (MCA)**

Master of Computer Applications (MCA) is a three-year professional course exclusively designed to meet the requirements for IT trained students for various organizations. This Master's Degree Programme has been designed with a semester approach in mind. The first year courses are aimed at skills development in computers using various technologies, the second year is more focused on core courses providing conceptual frame work and the third year provides the specialization and the industrial training.

➢ **M.Sc. (Computer Science)**

M. Sc. (Computer Science) is a two years full time course. Each year comprises of two semesters with classroom teaching learning for Semester I, II III and Semester IV is reserved for research project.

➢ Post Graduation Diploma in Computer Application (PGDCA)

PGDCA is one year part time course with the main objective to impart adequate professional knowledge and computer skills so as to enable the candidates to take up careers in the field of Information Technology and to equip with latest knowledge, skills pertaining to the tasks and responsibilities of Information Technology.

2.0 MCA/M.Sc. Programme Objectives:

The Programme Educational Objectives of MCA programmes are:

- To prepare Post graduates for careers in Software Industry, Corporate Sector, Government Organizations and Academia by providing Skill Based Environment for teaching and research in the Core and Emerging areas of IT Discipline.

- To train the students in the Fundamentals of Computer Technology, high level of practical skills in the use of that technology and make them sensitive to the issues prevailing in the society.

- To inculcate good analytical, design and implementation skills in the students with understanding of group dynamics.

- To impart Knowledge about various technologies that are essential for their career path.

- To give broad background knowledge across fundamental areas of IT along with depth in understanding particular area of interest in the different domain of Information Systems.

- To develop a comprehensive knowledge of core subjects in the field of Computer Science and provide exposure to various cutting edge technologies thereby enhancing employability opportunities and research capability enabling graduates to perform more effectively in the workplace

MCA/M.Sc. Programme Outcomes:

MCA programme has been designed to prepare graduates for attaining the following program outcomes:

- Ability to understand Software concepts and their applications.
- Ability to use the Techniques, Skills and modern Software Tools necessary for Software Development.
- Ability to identify and analyse Software Problems In multiple aspects including Analysis, Design, Coding, Testing and Implementation in Industrial applications.
- Enable the students to critically analyse and develop real life computer applications.
- Ability to select and use latest tools and techniques with agility.
- Ability to design and develop a computing system that meets user requirements by considering non-functional requirements such as safety, security and user friendliness.
- Ability to lead team successfully with effective communication and management skills.

4. Admission and Induction details – (No committee information), Brief about Admission and Admission empirical data

The admission process for MSW course 2020 -21 began with advertisement for MSW admission in daily news papers viz. Times of India and Daily Sakal, published during 2nd week of July, 2020 and 1st week of August 2020.

In all **183** applications were received and out of which 15 candidates did not appear.. Hence 168 candidates were considered for selection. The entrance test consisting online MCQ examination were held on 8/08/2020. The CET consisted of 50 objective questions(100 marks). The merit list was prepared, (with the help of EXCEL software) by strictly adhering to the Government of Maharashtra admission norms and Shivaji University guidelines. Accordingly 50 percent open seats were filled from consolidated merit list consisting of all the 168 eligible applicants. The reserved category candidates who are selected under the first merit list were treated as open category (as per rule). The remaining 50 percent seats were exclusively allotted to the recognized reservation categories as per Government rules and selection was based on merit. The vacant seats against reserved category are filled by other reservation category based on merit. There were 31 candidates who denied admission from first merit list, second merit list was prepared and admissions are given on first come first serve basis among the remaining 137 candidates. Dr D.M. Bhosale and Dr D.N.Valvi carried on the entire process of online admission due to Covid19, Pandemic under the chairmanship of Dr. SV Shirol, Head of the Department

Annual Report 2020-2021
Department of Environment Management

1. Introduction

The Department of Environment Management (DEM) was established under the able leadership of Prof. Dr. A.D. Shinde in the year 1987. The main purpose to establish the Department was to conduct Post Graduate Course, Practicals, Research activities and Consultancy work and moreover, it was firmly believed that without inculcating scientific approach environmental problems couldn't be managed.

Environment Management is an important issue in the sustainable development at global level. Soon after the Stockholm Conference in 1972, number of Universities in India started Environmental Science and Engineering courses at graduate and post graduate level giving more emphasis on basic Science and Engineering aspects of the environment. In the earlier days, environment was considered as an end product of a industrial process confining only to pollution control of water, soil, air and noise. But after the existence of WTO and GATT agreement, a number of environmental issues not only confined to pollution control but mainly focus on business aspects and environment to make their product eco-friendly in the global market. Hence Environmental Management is now-a-days turning out to be a good business opportunities for the entire corporate sector. The best example being carbon trading. In this connection the global convention on climate change at Kyoto, Bali agreement and Copenhagen conventions are the milestones, which provide good opportunities for environment protection and business environment. Hence, it is the need of the time to infuse the environmental concepts in all the functional areas of business development.

Therefore, **CSIBER** has started for the first time in India two full time Post Graduate Programmes viz. M.E.M. (Master of Environment Management) in 1987 with approval from Shivaji University, Kolhapur and M.B.A. (Master of Environment Management) with dual specialization in 2010-2011 with approval from the A.I.C.T.E., New Delhi and Shivaji University, Kolhapur and M.Sc. (Environment and Safety) in 2013 with approval from Government of Maharashtra and Shivaji University, Kolhapur.

DEPARTMENT OF ECONOMICS

8) Brief Information about Dept.: -

The department of Economics offers the Full time Program Master of Science in Quantitative Economics since 2016. The faculty members in the department also contribute to the economics papers being offered in other Post – Graduate programs in the institute. The specialized program has been started to specifically train the post graduate students in Economics for positions such as Economic Analyst, Data analyst, Data Scientist and others. Along with the regular curriculum the students are also given training for presenting research papers in International/National and State Level Seminars. Project work being a compulsory part helps the students to sharpen their research skills. The well-developed labs and the availability of data analysis soft wares makes the implementation of the curriculum of quantitative economics very practical and interesting.

PSO 7: Graduates will possess and use competencies in quantitative and qualitative techniques for solving economic decision-making problems.

PSO 8: Graduates will be able to critically analyze the contemporary economic problems and policies at National and International level.

11)   Core Values

The Department of Economics core values are Equality and Providing Equal Opportunity for The Learning of Quantitative Economics. The specialised field of Quantitative Economics is only available in few metro cities in India. At the same time the fees charged is exorbitantly high, that automatically excludes the socially and economically weaker students from smaller towns and especially rural areas. In-order to provide an opportunity to these sections of the society to learn the important subject at an affordable cost the post-graduate program has been started. To provide fair and equal chance for students from all sections of the society the admissions are done on the basis of Entrance Test as well as Personal Interview. Though, fees is significantly less, concession in fees is also provided to the needy students so that, they are not denied the opportunity to take up the course for the lack of funds. As a result of the adherence to the core values, the department is able to attract local as well as one or two international students every year.

12)   Admission and Induction details –

The process of admission to the M.Sc. QE program, started with the individual faculty visiting the Graduate colleges, in and around Kolhapur. The faculty interacted with the Final year students and shared the information about the program and its prospects. A one-page hand-out was prepared and emailed to all the principals of different affiliated colleges under Shivaji and Other Universities. The entrance exam was conducted for 80 Marks which included Basic Economics and Quantitative Aptitude questions. Based on the score of entrance exam and personal interview, the final selection list was prepared.

10. Best Practices of the Department

1) <u>Career Guidance Sessions:</u> As the program in new the level of awareness in the graduate students about the course is very low. In order to promote the program as well as encourage the students to opt for this new program, Local Institute Interaction is organized.

2) <u>Software based Teaching and Learning:</u> In all the four semesters it is ensured that the students are given training in data analysis software. This is introduced under the category of Ability Enhancement Course (AEC) and completely computer practical based. The students complete nearly 45 practicals, prepare a journal and appear for viva-voce examination conducted by an external examiner.

# DECODING UNIOIN BUDGET: 2021-22

The program on Union Budget is an annual activity of the department. This year Shri. Chandrashekhar Tilak was invited for the online session. He gave the critical review of the budget proposals and analyzed its implications for the ensuing financial year.

The Department of Economics took the initiative of organizing the National Mathematics day. The flyer was prepared and circulated among the students to inform about the event. The bio-pic of Shri Srinivasa Ramanujan was streamed online. Following the streaming discussion was held on the life and contributions of the great mathematician.

BSE INVESTOR EDUCATION PROGRAM: 04-06-2021
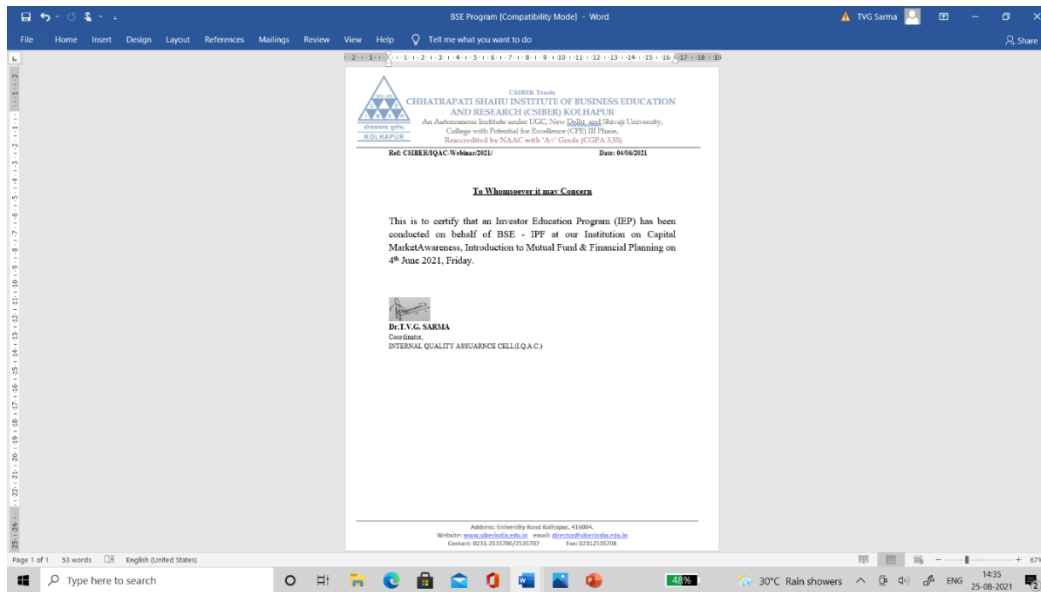

The students of Quantitative Economics should be aware about the role of stock markets and the investment opportunities. In order to spread the awareness about the financial market BSE Investor Education Program was arranged which covered Mutual Funds Awareness as well as Financial Planning.

STUDENT PLACEMENT: FEBRUARY 2021
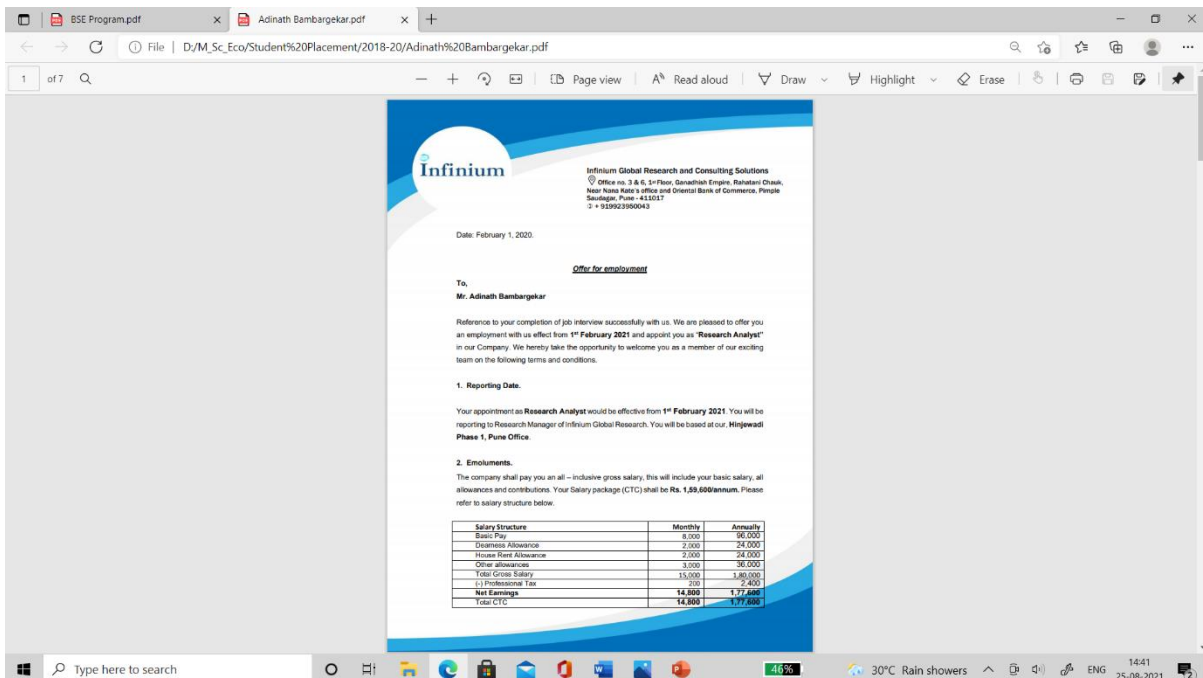

Mr. Adinath Bambardekar was selected by Infinium Global and Consulting Solutions, Pune as Research Analyst.

Report on International Yoga Day celebration

INTRODUCTION:

Due to Pandemic the 6th International Yoga Day was celebrated by CSIBER in ON-Line Mode as per the instruction of the current Prime Minister of India, The idea of International Day of Yoga was first proposed by the current Prime Minister of India, Mr. Narendra Modi during his speech at the UNGA, on 27 September 2014. By changing our lifestyle and creating consciousness, it can help in well being. Let us work towards adopting an International Yoga Day. The Theme for this year is **Yoga with Family** , stay home- stay fit .

OBJECTIVES:

International Yoga Day is celebrated on the 21st June every year with an objective to make the people aware about the effects and facts of the Yoga for the proper health especially .

Yoga is not a work-out, it is a work-in. And this is the point of spiritual practice; to make us teachable; to open up our hearts and focus our awareness so that we can know what we already know and be who we already are.

All teaching and Non Teaching staff participated from their home . Dr Sonia P. Rajput, social work Dept , Dr G Harish and Prof. Sachin Jagtap Commerce and Management Dept. coordinated the program for CSIBER. The organisers firstly introduced the concept of Yoga, and then highlighted the benefits of Yoga in this pandemic situations.

As Yoga exercises creates lot of great vibrations in the people to help them to develop and change all their Bad habits into the Goods. It also helps both in physical and Mental Health of individuals

The Yogic Trainer **Mrs. Asavari Kagwade** was invited as guest followed one hour DEMONSTRATION OF YOGA,

Alumni Student Mentorship Program

This programme aims to bring together alumni mentors and student mentees and conducts various events to enrich their mentoring experience. CSIBER **Alumni Student Mentorship** Programme an initiative of Alumni Executive Committee in building a knowledge forum to foster meaningful mentoring relationships between alumni and current students.

Alumni Student Mentorship Programme's primary objective is to give the students someone they look up to, someone who has been through the same difficulties and troubles they seem to be going through, the Alumni of this esteemed Institute. Alumni mentor will be a guide and a friend who will have the opportunity to share professional and personal experience and expertise with current CSIBER Students.

This programme is the ideal way for alumni to give back to their institute and reinvent their bonding with the Alma Mater.

CHHATRAPATI SHAHU INSTITUTE OF BUSINESS EDUCATION AND

RESEARCH (CSIBER), KOLHAPUR.

(AN AUTONOMOUS INSTITUTE)

EXAMINATION DEPARTMENT

ANNUAL REPORT FOR ACADEMIC YEAR 2020– 2021

CSIBER became autonomous in 1995 and the need of the separate department of examination was felt. In pursuance of the need the examination department started functioning in the same year. Since then it is conducting examinations for the different post graduate management programmes.

Paper setting work is done by internal and external paper setters jointly in the examination department only. Likewise the digital evaluation of answer books is also done in the department. The brief summary of the different activities conducted by the examination department are as follows.

4.0 I.Q.A.C.ACTIVITIES 2020-21

S.No.	ACTIVITY	DETAILS
1	Compulsory MOOC courses	• MOOC courses available on SWAYAM platform were communicated to all the students through their respective departments. The students were encouraged to take up at least one course as per their interest and ability.
	Generic Elective Template	• The Department of Computer studies worked on the project of developing SOFTWARE for selecting the GENERIC ELECTIVE by the students. The project was lead by Dr P.G.Naik and her team of

2		faculty members in their Dept. The software was ready January 2021 and was implemented for GE selection in the new incoming batch and for the final year students.
3	ATAL-FDP Proposals	• All the Departments were informed to submit proposals for conducting FDP under the ATAL scheme. Accordingly, 12 proposals on various themes in Management, Teaching Methods and Social Work were submitted. Three Atal_FDP were successfully conducted.
4	Social Outreach Webinar Series	• In view of the Pandemic, the IQAC informed all the Departments to conduct Online Social Outreach Webinars for on different themes. The idea was to keep in touch with the society through online mode and share the knowledge. The Management of the Institute supported by purchasing the ZOOM MEETING SOFTWARE to support more than 100 participants per meet. Making use of this facility by the management all departments successfully conducted 32 webinars on various theme relevant to the industry, society and Economy.
5	Online Google Classroom Orientation	• The IQAC took the initiative of conducting Orientation on 2nd July 2020, of Google Meet and Google Classroom. This was necessary as many of the faculty members were not fully aware of all the available in Google for conducting regular classes, assignments, MCQs, accepting and evaluating assignments online etc.
6	AQAR-2019-20	• The IQAC members started the work of compiling the criteria-wise information required for AQAR-2019-20. Each of the IQAC faculty representative was designated as CRITERIA EXPERT and was assigned a team of seven faculty members from each department. The criteria-wise data collection was monitored by the respective criteria expert. The AQAR-2019-20 was successfully submitted online.
7	ONLINE ADMISSION APPLICATION	• The members pointed out that due to continuing Pandemic it may be difficult for the students to physically come to campus to fill the admission application form. It was decided to inform the faculty of computer dept to design the digital application form so that the new batch of students seeking admission to various courses of CSIBER can fill the form online and pay the prospectus and application fees through digital

		mode. Accordingly the new software was developed by the Computer Dept under the leadership of Dr P.G.Naik and successfully used for admissions of new students in all programs.
8	ANAND ANNUAL BOOK EXHIBITION	• Every year in February first week, the Institute Organises Anand Book Exhibition by inviting 25 Book Publishers and Sellers from all over the country. The IQAC committee informed the members of Library to design a new system for ordering the books by faculty members from each stall. Dr Babu Zachariah, the IQAC member developed a new software based inline book ordering system. This reduced the time required to order the books by each faculty and prepare the list at the end of the book exhibition. The entire process which took three months to final the list of new books was successfully completed in three weeks time.
9	RUSA CAPACITY BUILDING PROGRAM: OUTCOME BASED EDUCATION & POs AND COs MAPPING	• The IQAC successfully conducted CAPACITY BUILDING PROGRAM under RUSA for the Faculty of CSIBER on 11th and 12th November'2020. The theme was OUTCOME BASED EDUCATION & POs AND COs MAPPING. The external resource person were Dr K OZA, Professor in Computer Science, Shivaji University and Dr Anuradha Gaikwad, Assistant Professor, CSIBER. The individual departments were informed to revise their POs and COs as per the guidelines given by the resource persons.
10	NATIONAL MATHEMATICS DAY(Online)	• The IQAC coordinated the celebration of National Mathematics Day on 22nd December'2020. The program was conducted Online for all students and staff of CSIBER. Brief history of Shri. Srinivasa Ramanujan was shared and the bio-pic "The Man who Knew Infinity" was steamed online. This activity was initiated to encourage the study of Maths and appreciate the contribution of our country to the world of Mathematics.
11	ENERGY AUDIT & GREEN AUDIT REPORTS	• As per the directions and guidelines of IQAC the department of Environment prepared the Energy and Green Audit Reports for the Institute. The copy of the reports is uploaded on the Institute website.
12		• The IQAC organized an Online Webinar on Decoding Union Budget:2021-22. Well known writer and economist Shri Chandrashekhar Tilak for Mumbai was invited as resource person for the Online webinar. The Google Meet Link was shared to all the students and staff of the Institute. The presentation of Shri Tilak was followed by Q & A session from the students. This helped to clarify

	DECODING UNION BUDGET: 2021-22	the doubts of the students regarding the new proposals in the budget.
13	OUTCOME BASED EDUCATION & POs AND COs UPLOADING	• The individual departments revised their POs and COs as per the guidelines in the RUSA CAPACITY DEVELOPMENT PROGRAM held on 11th and 12th Nov'2020. The revised POs and COs were uploaded on the Institute website.
14	RUSA CAPACITY DEVELOPMENT PROGRAM	• Under the Rusa Capacity Development Program Dr V R Kishore Kumar and Prof Namrata G were encouraged to register for Online Training Program conducted by NITIE. The program was on New Techniques in Econometrics.
15	CASELET BOOK PRINTING	• The members of IQAC had suggested that the CASE STUDY approach should be encouraged in all the classes. Accordingly, all the faculty members were encouraged to write two or three CASELETS in their subjects and submit it to Dr C.S. Kale who coordinated the entire activity . After editing the final copy of the CASELET book was printed to be used by faculty in all the programs.
16	Felicitation of Achievers	• Dr. P.G.Naik: Developed the ONLINE ADMISSION PROCESS SYSTEM & G.E. SELECTION SYSTEM • Dr.BABU ZACHARAIH: Developed the DIGITAL BOOK ORDERING SYSTEM. • Shri. SARDESAI: Developed and generated reports of STUDENT'S FEEDBACK for all the programs in the Institute
