- To equip the student community, through academic autonomy to face future challenges.
- To inculcate the spirit of dignity of the individual, excellence and service.

Director Report

Dear Friends,

I take pleasure in presenting this Annual Report 2022-23. We at CSIBER strive to be benevolent in all the academic pursuits carried out on the Institute's campus. This annual report is the reflection of our CSIBER family members who work with all the dedications and religiousness. The corporate values taught in the class is being exhibited in this annual report in the form of achievements of the faculty and the students. Our teaching faculty inspire the students to get involved in the learning process as well excel themselves in the co curricular and extracurricular activities. Hosting of cultural events is a regular feature of CSIBER. Being Autonomous has helped us a lot to introduce new subjects at various courses, improve upon teaching pedagogy and experiment with new ideas to make the teaching learning process more effective. The research work carried out by our faculty is commendable. The present annual report highlighting all our activities and achievements shall remain as a benchmark for future.

1.0 Institute Introduction:

The gap of trained and skilled personnel was anticipated and understood by Late Prof. Dr. A. D Shinde (Founder Director) a renowned Chartered Accountant, Tax Consultant and then the Dean of Commerce faculty of the Shivaji University, further in the capacity of acting Vice Chancellor of Shivaji University, bearing wide and varied teaching experience at undergraduate and postgraduate level. His dream of training youth to face the ever-changing requirements of industry came into existence when he registered charitable trust, "**Chhatrapati Shahu Institute of Business Education and Research Trust**" in 1976. Subsequently, in June 1976, establishing an independent Institute for Management Education by name "**Chhatrapati Shahu Institute of Business Education and Research**", Kolhapur popularly known as **CSIBER** to cater the needs of professional education in Kolhapur, Satara, Sangli, Solapur Districts of Maharashtra and the border areas of neighboring states.

The Institute is fully devoted to the cause of education in management, computer technology, social work, environment and allied areas, occupies a prominent position not only in Maharashtra but also in the country as a whole

Aims and Objectives of the Trust:

- a) To propagate secular education at post graduate and under-graduate level in Commerce, Management, Computer Education, Social Sciences, Environment, Technical, Agricultural & others.
- b) To inculcate and advance research among all types of education streams.
- c) To provide substantial facilities to the students in the form of teaching, library, residential, co-curricular, extracurricular, sports etc. for the development and enhancement of the complete personality of the student's community.

- d) To induct such courses as would help to improve rural commerce and life in general, such as Agri-Business Management and Rural Development, Agro Economics and Farm Management and other allied subjects.
- e) To start such institutions in the rural areas that would help in the growth and development of the areas.
- f) To institute and carry out executive development programs at different levels of management in various functional areas. Further to run centers for training workers in social welfare areas so as to benefit the society at large.
- g) To encourage those of the disadvantaged to acquire knowledge by instituting scholarship, free-ship, grants for such persons.
- h) To undertake and execute various schemes sponsored by Social Work Department of the Government of India and Maharashtra

3.0 CPE and RUSA (2.0):

The imagination, new ideas and innovations at CSIBER under able guidance of Late Hon. President Prof. Dr. A.D. Shinde culminated in CSIBER achieving an enviable status of **“College with Potential for Excellence” (CPE) by UGC, New Delhi**, letter ref.no (F.No.17-25/2006 (NS/PE), dated. 29th May 2006 and D.O. No. F-12-1-2004 (vol. II) (NSPE), dated 28th September 2006 with financial assistance. The CPE status continued for the second phase took 2010-15. Finally, under the 12th Plan period 2015-20 the UGC, New Delhi has conferred the CPE status under third phase letter ref.no (F.No.21-79/2014 (PE) date 7th July 2015 and D.O No. 21-79/2014(PE) dated 6th January 2015.

The Rashtriya Uchchatar Shiksha Abhiyan RUSA 2.0 :The review year CSIBER has been selected by Rashtriya Uchchatar Shiksha Abhiyan RUSA 2.0 under the component “Enhancing Quality and Excellence in selected Autonomous Colleges”, G.R No RUSA2018/Sr. No 343/VISHI-3 Mantralay Mumbai, dated 17th Dec 2018 with funding of Rs 5 crores. for infrastructural development, new equipment purchase, new construction and faculty capacity building. It has selected CSIBER as “Entrepreneurship Development Cell and Skill Hub”.

To maintain high standards and high performance of an Institute imparting professional education our key focus is on professional capacity building of faculty members and students through workshops/ seminars/ research. Secondly, the infrastructural development and integration of ICT in teaching pedagogy with student-centric approach that promote active engagement and support collaborative learning. And lastly, career development and placement of students.

During the academic year 2021-22, the Institute’s achievements and progress on the above mentioned three criteria was commendable. Details of the individual department activities and events organized are presented in the departmental reports.

The Institute’s Board of Trustee’s and the Hon’ble Managing Trustee are highly forward looking, hence all the co-operation regarding infrastructural development and support for capacity building is received as and when demanded.

The Library enriched with a total of 97026 books, The Institute Library subscribes to 130 (Print) journals of National & International level & Subscribes Online E-Journals & E-Resources of INFLIBNET-(NLIST), J-Gate and Prowess (CMIE), IEEE. Internet connectivity was upgraded to 200 Mbps ILL (Internet Leased Line) and Campus surveillance with installations of 100+ IP cameras and Network Video Recorder (NVR)

The Institute takes pride in providing all the facilities for the conduct of on-line examination carried out by various agencies.

We are thankful to the President, Board of Trustees of CSIBER Trust, Authorities of UGC and AICTE and the University for their Co-operation.

I am grateful to all the Heads of the Departments and Faculty members for successfully conducting the academic and extracurricular activities during the review year.

5	Analysis of Case Study: ABG Shipyard Ltd.	39	22/04/2023	The focus of the activity was to expose participants to doing research on the case study, which is related to the Indian banking sector. The primary objective of this activity was to develop a research orientation among the participants. This activity helps students to understand the loopholes in the banking

				structure so that the participants will be able to understand it and, by doing research on it, the students will be able to come up with solutions. Specifically, the activity aims at the lending process of the banks, the concept of NPA, etc.
6	PESTLE & SWOT Analysis of Indian Banking System	42	10/05/2023	The main objective of this group activity is to introduce the participants to the Indian banking structure and its functioning. All the students who have participated in this activity have been able to understand the impact of the political, social, technological, legal, and economic conditions on the day-to-day working of banks. Various problems arise due to the regulatory changes in policies. By participating in this activity, a participant is now able to do the proper analysis based on the facts and situations. Participants are now also able to give suggestions on the ongoing problems in the banking sector based on their understanding.
7	Presentation on various Banks	18	12/05/2023	All students have actively participated in this activity. The students have been distributed into 3 groups, each of which has 6 participants. Each group has one separate bank to do the analysis. In this activity, the students were introduced to the banks, their day-to-day work, their financial statements such as balance sheets, cash flows, etc. Students visited their designated banks in order to gather the necessary information. This activity will help the student to analyse banks' loan distributions, NPA's etc

Department of Environment Management

1. Introduction

Environment Management is an important issue in the sustainable development at global level. Soon after the Stockholm Conference in 1972, number of Universities in India started Environmental Science and Engineering courses at graduate and post graduate level giving more emphasis on basic Science and Engineering aspects of the environment. In the earlier days, environment was considered as an end product of a industrial process confining only to pollution control of water, soil, air and noise. But after the existence of WTO and GATT agreement, a number of environmental issues not only confined to pollution control but mainly focus on business aspects and environment to make their product eco-friendly in the global market. Hence Environmental Management is now-a-days turning out to be a good business opportunities for the entire corporate sector. The best example being carbon trading. In this connection the global convention on climate change at Kyoto, Bali agreement and Copenhagen conventions are the milestones, which provide good opportunities for environment protection and business environment. Hence, it is the need of the time to infuse the environmental concepts in all the functional areas of business development. Therefore, CSIBER intends to develop business professionals' i.e. MBA (Environmental Management) and M.Sc. (Environment & Safety) students with environment backgrounds who can cater to the need of both areas viz. Business and Environment. The CSIBER Trust realized the long-felt need of starting one more division of MBA with specialization in Environmental Management with intake capacity of 60. With these objectives, the SIBER Trust now **intends to introduce an additional MBA Division in Environmental Management from the academic year 2010-2011** to meet the educational interest of the students and the growing National requirement of Environmental Managers/Specialist in India at large.

10.0 Best Practices of the Department

1) Industrial Visit:

The main objectives of industrial visit are to provide students an insight regarding internal working of companies. We know, theoretical knowledge is not enough for making a good professional career. With an aim to go beyond academics, industrial visits provide students a practical perspective on the world of work. During industrial visit professionals are sharing knowledge about Accounting, Finance, Costing and Taxation.

2) Knowledge Forum-Financial Services

Under the knowledge forum department is organizing various workshops, seminars, conferences and webinars on GST, Income Tax, Mutual Funds, Insurance & Financial Services.

3) Tally Certification

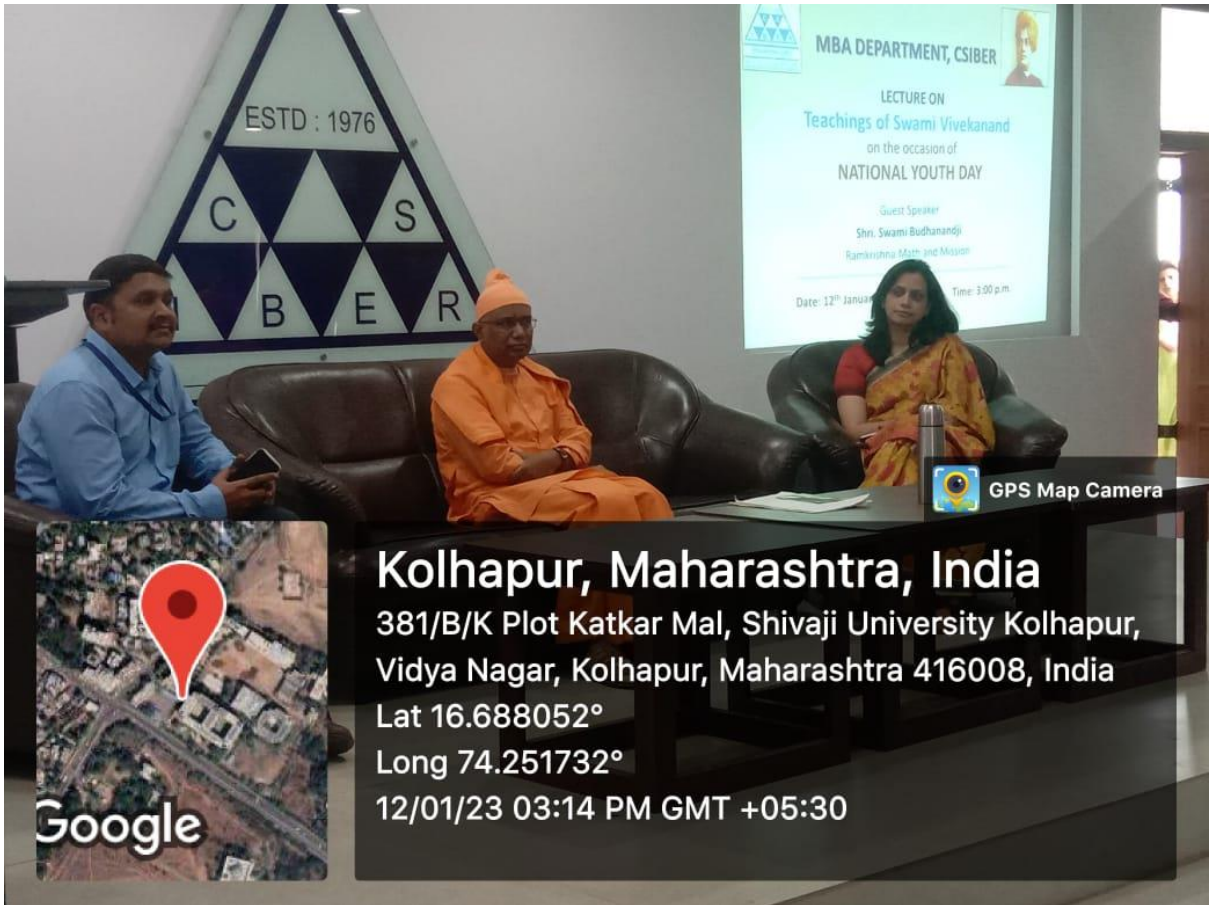

The institute is having MOU with Tally Education Private Ltd. Under the MOU department is running various Tally Certification courses such Tally AEC, Tally Pro & Tally Guru for practical exposure.

- Enable the Faculty to develop Innovative, Student Centric teaching methods.
- Enable the Graduate Students to Thrive for excellence for achieving academics excellence.
- Enable the Students to Experience Diversity, Inclusion and Continual Improvement through Assessment.
- To impart high quality Professional training to the Postgraduate students with an emphasis on basic Principles of Computer Science and Applications.
- To empower the students with required skills to solve complex technological problems of modern society and also promote them with a framework for promoting collaborative and multidisciplinary activities.
- To create environment where in faculty will be engaged in Life Long learning and to remain current in their Profession to foster Personnel and organizational growth.
- To be an Institute that is Sought for International Collaboration leading to exchange of students, faculty and joint degree programs.
- Intensify involvement of Alumni in all aspects of Institution development, Interacting with students, mentoring incubates, contributing resource towards enhancing the facilities and quality of education.

Programmes offered :

- 1) Masters of Computer Application – MCA
- 2) M.Sc. (Computer Science)
- 3) M.Sc. (Computer Science) in Cyber Security
- 4) Post Graduation Diploma in Computer Application (PGDCA)

➤ **Master of Computer Application (MCA)**

Master of Computer Applications (MCA) is a two-year professional course exclusively designed to meet the requirements of IT industry through trained students. This Master's Degree Programme has been designed with a semester approach in mind. The first year courses are aimed at developing basic skills required for enhancing the abilities of the students. The second year provides specialization in cutting edge technologies, enhancing employability opportunities.

➤ **M.Sc. (Computer Science)**

M. Sc. (Computer Science) is a two years full time course. Each year comprises of two semesters with classroom teaching learning for Semester I, II III and Semester IV is reserved for research / industry internship project.

➤ **M.Sc. (Computer Science) in Cyber Security**

M. Sc. (Computer Science) in Cyber Security is a two years full time course. Each year comprises of two semesters with classroom teaching learning for Semester I, II III and Semester IV is reserved for research/ industry internship project.

➤ **Post Graduation Diploma in Computer Application (PGDCA)**

PGDCA is one year part time course with the main objective to impart adequate professional knowledge and computer skills so as to enable the candidates to take up careers in the field of Information Technology and to equip with latest knowledge, skills pertaining to the tasks and responsibilities of Information Technology.

2.0 MCA/M.Sc. Programme Objectives:

The Programme Educational Objectives of MCA programmes are:

- To prepare Post graduates for careers in Software Industry, Corporate Sector, Government Organizations and Academia by providing Skill Based Environment for teaching and research in the Core and Emerging areas of IT Discipline.
- To train the students in the Fundamentals of Computer Technology, high level of practical skills in the use of that technology and make them sensitive to the issues prevailing in the society.
- To inculcate good analytical, design and implementation skills in the students with understanding of group dynamics.
- To impart Knowledge about various technologies that are essential for their career path.
- To give broad background knowledge across fundamental areas of IT along with depth in understanding particular area of interest in the different domain of Information Systems.
- To develop a comprehensive knowledge of core subjects in the field of Computer Science and provide exposure to various cutting edge technologies thereby enhancing employability opportunities and research capability enabling graduates to perform more effectively in the workplace

MCA/M.Sc. Programme Outcomes:

MCA programme has been designed to prepare graduates for attaining the following program outcomes:

- Ability to understand Software concepts and their applications.
- Ability to use the Techniques, Skills and modern Software Tools necessary for Software Development.
- Ability to identify and analyse Software Problems In multiple aspects including Analysis, Design, Coding, Testing and Implementation in Industrial applications.
- Enable the students to critically analyse and develop real life computer applications.
- Ability to select and use latest tools and techniques with agility.
- Ability to design and develop a computing system that meets user requirements by considering non-functional requirements such as safety, security and user friendliness.
- Ability to lead team successfully with effective communication and management skills.

3.0 Core Values of Department of Computer Studies

- Academic excellence through integrity, innovation and continuous improvement.
- Motivation for applying skills contributing to personal development of employees
- Enhancing the quality of research and education by interactions with industry, educators and government at all levels.
- A diverse and inclusive culture promotes both individual and collective successes

5.0 Admission and Induction details

Induction Programme

The department organized induction programme for familiarizing the newly admitted students about the institution policies, practices, department objectives and regulations. The induction programme focussed on the prominent aspects of the programme such as programme structure, infrastructure, examination, placement, library etc.

**Report on
Poster Presentation Competition**

Year -2022-2023

Date: 26th August 2022

Program Co-Ordinator

Dr. Ajay D. Shinde

Introduction :

The department of computer studies is running various programs like MCA, M.Sc. (Computer Science), M.Sc. (Computer Science in Cyber Security). For overall development of the students the department plans and executes various events and programs. The poster presentation competition was one such program where the students from all programs participated. This activity was planned to provide opportunity to the students to select topic of their choice, collect material in any format and prepare a poster for display in the competition. At time of display the guest has visited each and every poster and student explained them the concept presented in the poster. In order to get idea about the knowledge obtained by the students the guest asked questions and students answered it. Based on this the guest identified two posters with excellent contents, presentation and knowledge. The selected two posters got cash prizes, Certificates and trophies.

Objectives :

The main objective of this competition was overall development of student's community. The sub objectives were

- To develop ability to select the topic of his/hers choice.
- To collect material from various sources.
- To prepare the poster to present the idea.
- To develop communication skills while presenting a poster.
- To present the knowledge obtained from the entire exercise.

The Poster Presentation Competition Event:

In order to execute the event smoothly and successfully the students committee was formed, where students from different classes volunteered for the same. The meeting of the committee was held and the rules and topics for the competition was fixed. Also the form for participation in the meeting was designed and the link of the form was shared with the students from various classes. /there was very good response for the event around 16 teams from various classes participated in the competition and total count of student's participants was 35.

The inauguration function was held in Radhabai Shinde hall and the chief guest for inaugural function was Dr. S. P. Rath, Director, CSIBER, Kolhapur. The Head of the deoartment Dr. Mrs. P. G. Naik, staff members and students from computer studies department were present for the function. After the inaugural function the Dr. S. P. Rath and chief guest for prize distribution function Mr. S. T. More, IT professional and Consultant visited every poster and listened to the students participants. They also asked questions to the students for gaining the understanding of the knowledge obtained. Based on their Evaluation Winner and Runner up team was identified and during the prize distribution function cash prize, certificates and trophies for both teams were distributed. The participation certificate for each participant was given.

Alumni Sharing Knowledge - Lecture Series

Alumni Sharing Knowledge (ASK) Lecture Series, is an initiative by the department to connect our students with our distinguished alumni. In this forum, alumni share their experiences, happenings in the market, opportunities, career guidelines, and technologies path with students of MCA and MSc. Following session was carried out:

- Arati Prakash Bongale (MCA 2020 batch), Software Engineer Amdocs India, Shaping Your Career with Blockchain Technology on 8th August 2022

The screenshot displays a Google Meet interface during a presentation. The main window shows a PowerPoint slide titled "What is Blockchain???" with the following content:

- Blockchain is growable ledger which is shared
- The goal of blockchain is to allow digital information to be recorded and distributed, but not edited
- Bitcoin and Ethereum are popular e.g.

Below the text is a diagram illustrating a blockchain structure with three blocks:

- BLOCK 1**: Hash: 6099F2, Previous hash: 000000
- BLOCK 2**: Hash: 8V5C8, Previous hash: 6099F2
- BLOCK 3**: Hash: 9L2T, Previous hash: 8V5C8

The diagram shows how each block's hash is derived from its own data and the previous block's hash, forming a chain. The Meet interface also shows a list of participants on the right, including arati bongale, Poojima Naik, pooja nikam, Sourabh Patil, Geeta Hasabe, Komal Mengane, Nilam Mandlik, and 66 others. The bottom of the screen shows the Windows taskbar with the time 10:20 AM and date 06-08-2022.

DEPARTMENT OF ECONOMICS

Brief Information about Dept.-

The department of economics offers the Full time Program Master of Science in Quantitative Economics since 2016. The program is renamed as M.Sc. (Economics) from the academic year 2022-23. The faculty members in the department also contribute to the economics papers being offered in other Post – Graduate programs in the institute. The specialized program has been started to specifically train the post graduate students in Economics for positions such as Economic Analyst, Data analyst, Data Scientist and others. Along with the regular curriculum the students are also given training for presenting research papers in International/National and State Level Seminars. Project work being a compulsory part helps the students to sharpen their research skills. The well-developed labs and the availability of data analysis software makes the implementation of the curriculum of quantitative economics very practical and interesting.

PSO 8: Graduates will be able to critically analyze the contemporary economic problems and policies at National and International level.

Core Values

The Department of Economics core values are Equality and Providing Equal Opportunity for The Learning of Quantitative Economics. The specialised field of Quantitative Economics is only available in few metro cities in India. At the same time the fees charged is exorbitantly high, that automatically excludes the socially and economically weaker students from smaller towns and especially rural areas. In-order to provide an opportunity to these sections of the society to learn the important subject at an affordable cost the post-graduate program has been started. To provide fair and equal chance for students from all sections of the society the admissions are done on the basis of Entrance Test as well as Personal Interview. Though, fees is significantly less, concession in fees is also provided to the needy students so that, they are not denied the opportunity to take up the course for the lack of funds. As a result of the adherence to the core values, the department is able to attract local as well as one or two international students every year.

Admission and Induction details –Brief about Admission and Admission empirical data

The institute decided to rename the existing program of M.Sc. (Quantitative Economics) as M.Sc. (Economics). The resolutions made in the different academic bodies were sent to the parent university for information and instituting the degree with new program title. As the letter in this regard was pending the admissions for the first year of M.Sc. (Economics) were not done for the academic year 2022-23.

EXAMINATION DEPARTMENT

ANNUAL REPORT FOR ACADEMIC YEAR 2022– 2023

CSIBER became autonomous in 1995 and the need of the separate department of examination was felt. In pursuance of the need the examination department started functioning in the same year. Since then it is conducting examinations for the different post graduate management programmes.

Paper setting work is done by internal and external paper setters jointly in the examination department only. Likewise the digital evaluation of answer books is also done in the department. The brief summary of the different activities conducted by the examination department are as follows.

I) Examinations Conducted during the academic Year 2022 – 2023:

Training Programme on “Eco friendly Ganesh Idol Making for Students of CSIBER Institute.” Friday, 26th August, 2022

“Eco friendly Ganesh Idol Making for Students of Institute.” was conducted on Friday, 26th August, 2022, MsPoojaSarolkar, Trainer from CNCVCW, College, Kolhapur. 30 student’s participants participated and benefited with this training program.

Ganesha Idols are made from Plaster of Paris (POP) .After emersion of colored POP Ganesha idol nearby water resources get contaminated with the materials used for Idol making. As prevention is better than cure POP idols can be replaced by ecofriendly clay material. These idols will not result in water pollution. These idols are free from metal contents and dyes/glitters which are harmful for ecosystem.

Eco friendly Ganesh Idol Making for Students of CSIBER Institute	Ms. Pooja Sarolkar from CNCVCW, Kolhapur	Friday, 26 th August, 2022	01	30

Programme Outcome: Students participants were happily prepared God Ganesha Idol under the guidance of Ms. PoojaSarolkar. These idols were taken by them to homes. Use of these ecofriendly clay idols result in prevention of further unintended environmental consequences.

Alumni Contributions:

Mr. Sayaji Chavan (Sr. Manager, UPS India, Pune), an alumni of department of social work has taken an initiative to construct houses for the Bhoi Community of Hatkanangale block of Kolhapur as they have been badly affected by 2019 Floods. He, along with the support from other alma mater of the department and CSR funding from UPS Foundation, mobilized a fund of Rs 43.3 Lakhs for the cause. CSIBER and D. K. Shinde School of Social Work (CSIBER) faculty and the students have supported in successful completion of the project and handing over of the houses to the needy.

The alumni of 1987-83 batch of Master of Computer Science has raised a fund of Rs 5 lakh and contributed to the institute for the cause of Student Scholarship. Around 10 students from the Department of Computer Science has been benefited by this noble work.

Dr. Ravi Kishore Kumar. V.
