# INTERNATIONAL CONFERENCE AT A GLANCE

In the hallowed halls of academic excellence, the CHHATRAPATI SHAHU INSTITUTE OF BUSINESS EDUCATION AND RESEARCH (CSIBER), Kolhapur, India, meticulously orchestrated an intellectual symphony. The grand event, titled "International Conference on India's Role in the Global Scenario (Education, Technology, Business & Climate)," unfolded on the 20th and 21st of October 2023. This prestigious autonomous institution, operating under the aegis of the UGC, Government of India, proudly boasts an outstanding 'A+' grade reaccreditation from the NAAC—an unequivocal testament to its unwavering commitment to scholarly prowess.

Founded in 1976 by the venerable (Late) Prof. Dr. A. D. Shinde, a luminary in the realm of Chartered Accountancy, CSIBER stands as a postgraduate autonomous institution par excellence. Nestled in the historical heart of Kolhapur City, it has metamorphosed into a beacon of academic distinction in South-West Maharashtra. Under the sagacious guidance of CA Dr. R. A. Shinde, the Secretary & Managing Trustee, and CA H. R. Shinde, a Trustee, CSIBER has become an icon of scholastic eminence.

Against this backdrop, the International Conference unfolded as a tableau of erudition, exploring India's burgeoning influence in key global domains—education, technology, business, and climate. Distinguished scholars, thought leaders, and experts from across the globe convened to engage in nuanced discussions, fostering a comprehensive understanding of India's pivotal role in steering positive global transformations. The International conference on the theme "India's Role in the Global Scenario: Education Technology, Business and Climate" held at CSIBER on 20th and 21st October 2023.

# CONFERENCE TRACK MANAGEMENT

The conference, segmented into four pivotal tracks, epitomized the intellectual crossroads of academia:

The International Conference was held in offline and Hybrid Mode

- Global Village (Vasudhaiv Kutumbkam)

This track covered a wide spectrum of subjects reflecting the interconnectedness of the world. It included discussions on global markets and industry trends, international financial systems and strategies, India's role in the global workforce, the economic prospects of India on the world stage, and societal implications of globalization.

- Changing Role of IT: Global Perspective

In an era of rapid technological advancement, this track explored the evolving landscape of Information Technology, including the impact of AI on global industries, data analytics and visualization, future directions of IT, and information security in a global context.

- Society & Village

This track delves into the social fabric and dynamics of societies, examining population trends, issues of social justice and equity, innovative approaches to societal challenges, and the critical aspect of mental well-being within communities

- Climate & Sustainability

Addressing global challenges like climate change and environmental sustainability, this track explores strategies for responsible resource management, sustainable farming practices, disaster preparedness and mitigation, and ensuring a stable food supply in the face of climate-related challenges.

# A BRIEF REVIEW OF THE CONFERENCE

- It was a successful event as we were able to actively engage with and reach out to a wider range of Academia & Industry stakeholders across the world. The main objective of the Conference was to illustrate the role that our great nation India has in the global scenario.
- To that effect, the organizing team of the Conference under the dynamic leadership of our Director Prof. Dr. Rath invited keynote speakers from different countries and the industry to speak at the conference to provide participants with an in-depth understanding of India's role in the global scenario.
- Our galaxy of keynote speakers included Prof Dr. Chittoo- Professor of Management, Former Director General, University of Technology, Mauritius, Mr. Vivek Deshpande, Sr. General Manager-Plant Maintenance and Utility-Kirloskar oil engines Ltd., India, Dr. Yuvraj Sunechar Associate Professor, University of Technology- Mauritius, Dr. N. Ravinthirakumaran- Head, International Relations- University of Vavuniya, Sri Lanka, Mr. Sarang Jadhav , Director Toolex Engineers Pvt. Ltd. India, Dr. Dinesh Hurriram- Vice Chancellor University of Technology, Mauritius, Dr. Nyo Nyo Lwin Pro Vice Chancellor Yangon University of Education, Dr. Mohammad Yusuf Muse - Vice Chancellor University of Hargeisa, Somali land and Mr. Virendra Patil Director Shree Spherotech pvt ltd. India.
- Additionally, the Conference served as a forum for representatives from all sides of the knowledge triangle- academicians and researchers, industry and students to interact and build bridges.
- The different sessions provided the framework of wider discussions on how education, technology, business and climate change is going to affect or will be affected in the coming times taking cues from the past with a focus on India's role in the global scenario.
- Indeed, the two days were buzzing with lively discussion and debate – not only during the interactive sessions, but also around the coffee tables!
- Our organizing team, including Prof. Er. D. S. Mali, Prof. Ms. M. K. Mane, Dr. Bindu Menon, Prof. A. D. Ekal, Dr. S. S. Jamsandekar, Dr. Ajay D. Shinde, Dr. V. S. Salokhe, and Mr. C.C. Khatawane, lent their expertise to the conference, promising a synthesis of perspectives that enriched the academic discourse.
- In the annals of global academia, CSIBER's International Conference emerged not only as a confluence of ideas but as a crucible where the alchemy of knowledge and collaboration yielded insights destined to shape the trajectory of India's global influence.
