

Dear Colleagues,

Date: 08/11/2017

Greetings of the day!

From last year we are testing the success of 'A' grade from NAAC. But now it's time to add some flavor to it and to aim for 'A+' in next cycle of Accreditation. Definitely we can add this PLUS to our success with the same Positivity, Linearity, Unity and Sincerity we all have shown in previous cycle.

But recently NAAC has revised its Assessment and Accreditation process and hence it becomes very important to understand this revised process. Similarly before going for the next cycle of assessment, we have to improvise the areas for which NAAC Peer Team has given the following recommendations and highlighted some weaknesses.

On this note I would like to invite you for the meeting to be held on **Monday, 11<sup>th</sup> September 2017, at 1.30 PM** in the meeting hall to understand the revised process of NAAC and to discuss the measures to improvise of weaker sections. I expect your support in this regard.

Have a great weekend.

Thanks and Regards

  
A.A. Sattikar

IQAC Member

#### Section IV: Recommendations for Quality Enhancement:

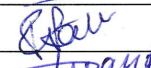

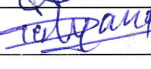

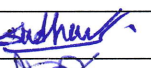

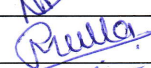

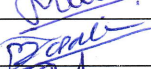

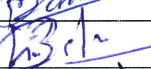

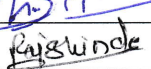

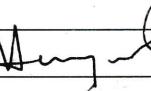

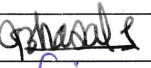

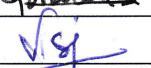

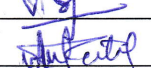

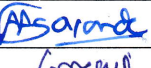

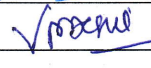

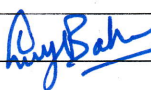

- Faculty members to be supported financially to attend FDP programmes at premier academic institutions and to participate in national and international conferences
- More efforts needed to inculcate research culture and increase quality research publications in reputed journals
- New academic programmes in emerging areas having job potentiality to be started; short duration, skill oriented add-on courses to be added
- Library needs to be augmented with more titles, books and e-Resources; library is to be fully automated
- Communication skills in English language and soft-skills to be strengthened
- Career counseling and placement cell needs to be strengthened
- Student mentoring system to be introduced
- Teachers need to be trained extensively on using ICT for student centered pedagogy in teaching-learning
- Welfare measures for the staff need to be enhanced; College may provide transport service for students
- Process of collecting and reporting the feedback from the students to be made online and systematic analysis to be done

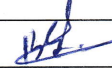

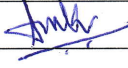

#### 3.2 Institutional Weaknesses:

- Limited resources for research and lack of research culture
- Student catchment area confined mainly to nearby places
- Lack of core and senior faculty in Computer Applications department
- Limited industry institute interface
