CSIBER, KOLHAPUR

Dress Code & Professional Attire

Dress professionally. Create the right impression.

Purpose

A neat and appropriate appearance helps students make a positive first impression during campus placements, interviews, group discussions, presentations and workplace interactions. Choose attire that is clean, comfortable and suitable for the occasion.

Guidelines

- Wear clean, well-ironed and properly fitted formal clothing for interviews and formal placement activities.
- Choose professional options such as formal shirts and trousers, suits, blazers, formal dresses or appropriate formal Indian wear.
- Wear clean, polished and comfortable formal footwear.
- Prefer simple, coordinated colours and understated accessories.
- Avoid excessively casual, flashy or distracting clothing during formal recruitment activities.
- Ensure that your overall appearance is neat, appropriate and comfortable throughout the day.
- Follow any specific dress-code instructions communicated by the Placement Cell or recruiting organisation.

KEEP IN MIND

Your attire should communicate respect for the opportunity, confidence and professional readiness.

Professional readiness is built through consistent everyday habits.
